Selected Fellowships and Awards

Best Poster Award	NEW ORLEANS, LA, 2024
GFDS Program	NSA (TURNED DOWN)
National Defense Science & Engineering Graduate Fellowship Program	ARMY RESEARCH OFFICE, 2022 – 2024
Tech in the World Fellow, Partners in Health	LIMA, PERU, 2018
The Ernst Kitzinger Prize, Lowell House	HARVARD UNIVERSITY, 2018
Microsoft Scholarship, Grace Hopper Celebration of Women in Computing	ORLANDO, FLORIDA, 2017
Director's Internship, Harvard Kennedy School Institute of Politics	NEW YORK, NY, 2015

Teaching Experience

17-416/17-716, AI Governance (Masters/PhD level)	CARNEGIE MELLON UNIVERSITY
Guest Lecture	<i>Spring 2024</i>
Lecture on AI Security, Robustness, and Privacy	
17-331/631, Information, Security, Privacy & Policy (Masters level)	CARNEGIE MELLON UNIVERSITY
Teaching Assistant	<i>Fall 2023</i>
Created homework assignments, graded assignments, and held office hours. Gave a lecture on ML/security. Course included applied cryptography, authentication & security protocols, web & network attacks, and ML security & privacy.	
15-294, Rapid Prototyping (undergraduate level)	CARNEGIE MELLON UNIVERSITY
Teaching Assistant	<i>Spring 2023</i>
Taught lecture, graded assignments, and redesigned the syllabus and course schedule to accommodate interactive learning and new assignments. Course focused on SolidWorks.	
15-394, Intermediate Rapid Prototyping	CARNEGIE MELLON UNIVERSITY
Teaching Assistant	<i>Spring 2023</i>
Taught lecture, graded assignments, and redesigned homework assignment for students to design automata in SolidWorks with linear bushing, rotational motion, and rendering/motion analysis components. Course focused on Rhino, Grasshopper, and Kangaroo 2 physics-based simulation.	
Future Faculty Program	CARNEGIE MELLON UNIVERSITY
Participant	<i>2021 – 2023</i>
Eberly Center for Teaching Excellence & Educational Innovation. Participated in seminars aimed at helping graduate students develop and document their teaching skills in preparation for a faculty career. Completed a lesson plan review and teaching observation with Eberly experts; redesigned Rapid Prototyping syllabus; completed a teaching philosophy project	

Industry Experience

Inria	NANCY, FRANCE
Visiting Scholar	<i>October – November 2024</i>
Formal verification project: Studying the security properties and transcript consistency of a secure messaging platform used by the French government. Studied under Charlie Jacomme and Steve Kremer.	
Goldman Sachs/Algorithmic Trading	NEW YORK, NY
Data Scientist, Electronic Trading	<i>2018 – 2021</i>
<ul style="list-style-type: none">• Covered quantitative hedge funds and asset managers in a client-facing data science role.• Performed trade cost analyses using Python, Slang (Goldman's proprietary language), SQL, and KDB Q and communicated algorithmic recommendations to stakeholders.• Designed and implemented experiments with the software engineering team & strategized on new features and methodologies.• Published research pieces sent to over one thousand clients, focusing on market microstructure and electronic trading statistics.	
Beto O'Rourke for U.S. Senate	AUSTIN, TX
Data Scientist, Distributed Organizing	<i>Summer 2018</i>
<ul style="list-style-type: none">• Collaborated with the data team and campaign director to create Python models predicting voter turnout and support.	

- Presented my findings on persuasion tactics and priority counties for grassroots organizing to the chief of staff.
- Strategized student turnout and started grassroots offices around Texas.
- Canvassed in San Antonio with the Field Director to organize and fundraise.

Booz Allen Hamilton

VIRGINIA SQUARE, VA, HERNDON, VA & BOSTON, MA

Cybersecurity Intern

Summer 2017

- Worked on autonomous swarming behavior in team of six.
- Created the functionality for semi-autonomous navigation of the ground robots in ROS and using Python and C++.
- Investigated and created prevention methods against security threats by creating a proof-of-work demonstrating how a potential hacker could use GPS spoofing to override a military-grade GPS-enabled robot. Implemented PCA for GPS anomaly detection.

Digital Solutions Intern

Winter 2017

- Collaborated with intern team to perform impact analysis on the MBTA using data provided by the MBTA to evaluate pricing strategies based on revenue and equity.
- Studied the fairness of public transit fares in Boston by examining surge pricing, subsidies to low-income individuals and students, and distance-based fares.

Selected Service

Women in CSD, Founder

CARNEGIE MELLON UNIVERSITY, 2022 – PRESENT

- Organizer of a weekly lunch and other programming for over 90 women and non-binary members of Computer Science Department and broader School of Computer Science.

Introductory Course, Organizer

CARNEGIE MELLON UNIVERSITY, SUMMER 2022

- Organized Introductory Course events, which introduces new Ph.D. students to the department.

Alumni Association Executive Committee, Member

RIVERDALE COUNTRY SCHOOL, 2023 - PRESENT

- Sustain loyalty and enthusiasm among peers by developing programs, initiatives, and events that promote the general welfare of the school and by encouraging alumni participation in activities and philanthropic support.
- Class Correspondent (2014 - present): Solicit class notes & serve as part of Reunion Committee

Harvard University, Member

BOSTON & NY, 2018 - PRESENT

- Schools & Scholarships Committee (2018 - Present): interview Harvard College applicants yearly
- Participation chair for class of 2018 fifth year reunion (2023)

Cyber Defense Club, Finance & Communications Chair

HARVARD UNIVERSITY, 2017 – 2018

- Qualified for the New England regional finals of the National Collegiate Cyber Defense Competition.
- Led weekly meetings.

Girls Who Code, Leader

HARVARD UNIVERSITY, 2016 - 2017

- Wrote the curriculum and led classes for 20 middle school girls, coordinated female Harvard mentors.
- Collaborated with Harvard Kennedy School and Business School students to make Girls Who Code more inclusive to girls in different parts of Boston.
- Worked with the Harvard EdLabs to host programs in Allston, MA.

Digital Literacy Project, Education & Community Outreach Chairs HARVARD UNIVERSITY, 2014 - 2017

- Taught computer science weekly at underserved schools in Boston.
- Expanded the curriculum to create second course in HTML and CSS and created partnerships with Boston public schools.
